

EOLD RESISTOR & DIODE ASSY

MODEL NO. OSAUCR-EOL

MAIN FEATURES

- Connect the EOL Diode Resistor Assembly as required at remote locations for supervision of releasing circuit solenoids and electric actuators.
- Resistor Value – 5.1K Ohm / 5% Tolerance.
- Refer to panel installation manuals for additional details

SPECIFICATION

Overall Length	12 inches
Wire Type and Gauge	#18 AWG Stranded Red and Black Jacketed
Resistor Value	5.1K Ω , 1/4 W
Diode Value	6A1, 100V, 6A
